1 x Sener Hydrogen 12%

1 x Sener Bleach

Experiences of our members

daniela_josivov I've been using it in the salon for almost a year, as a hairdresser I'm very satisfied because Plex on the hair gives immediately wonderful results from the first application, which shows you that it's top quality, the quality of the work with it has improved significantly, and even in combination with Sener Blanche colorizations have become mutual joy and satisfaction

k2crystal_hair.belgrade I used Plex on a girl who has a lot of chronic diseases and takes medications that dry out her hair. She is very satisfied with the result.

Color and plex works wonders

Painted five removed with 4.5% hydrogen. The hair is quite porous, as you can see, but the masterful plex did the job
